

# Application *Coastal Ecosystems*

Below are the questions found in the application form for project support from the Swedish Postcode Foundation. This is a guide to help you prepare your answers. All applications must be submitted via the application form found on our website. We will not review any applications sent by e-mail.

Please note that it is not possible to save and return to an ongoing application on our website. For this reason, we recommend that you first prepare your application in a separate document.

The final date to apply is May 9<sup>th</sup>, 2023. Once you have submitted your proposal, you will receive an email confirmation. All applicants will be contacted within 6 weeks after the close of the application with information on whether or not a full proposal/project plan is requested.

\*Obligatory

In italic: guidelines

<b>About your organization</b>

- **Privacy policy** \*Read our [privacy policy](#)
- **Name of the organization\***
- **Describe your organization, your experience of managing similar projects, and why your organization is the most suitable actor to implement this project.** \* Max 1000 characters  
*Describe your organization's area of work, your experiences of managing similar projects, and why your organization is the most suitable actor to implement this project. You can for example describe why you have the most relevant expertise, local connections, networks, or experiences to carry out the proposed project.*
- **Describe how the proposed project differs from, or complements your ongoing core operations.** \* Max 1000 characters  
*The Postcode Foundation supports clearly defined projects that differ from, or complement the organizations core operations. It is therefore important for us to have a basic understanding of these core operations and how this specific project differs from them. Clarify if the proposed project is a completely new initiative or if it's a development of a current operation. In this case, please describe in what way this is a further development from your ongoing activities. Describe if the project for example aims to reach new target groups, new geographical areas, or promotes a further thematical development.*
- **Street address\***
- **Zip code\***
- **City\***
- **Country of registration\***
- **Year organization was founded\***
- **Website**
- **General e-mail address**
- **Type of organization\***  
*The Swedish Postcode Foundation may only grant support to officially registered non-profit organizations or foundations.*

- Registration number

<b>Project description</b>

- **Continent where the project will take place\***
- **Country where the project will take place\***
- **Describe where the project activities will take place\*** Max 500 characters
- **Who will be reached by the project? How do you intend to reach the desired target group?\*** Max 500 characters
- **Why is the project important to implement?\*** Max 2000 characters.  
*Briefly describe the underlying challenge that your project aims to address or solve. Please refer to available research or other knowledge which validates your problem description, its consequences, and why your approach is most suitable to address this challenge. Please also clarify how your project differs from the work of other similar initiatives. If the project aims to restore or protect a specific area, please describe why this geographical area is of special importance.*

- **What activities will be carried out as part of the project?\*** Max 2000 characters  
*Describe as clearly and concretely as possible the activities to be carried out as part of the project. Please avoid only listing the activities, but rather describe the activities in relation to the various parts of the project. Please also describe the method or approach that you intend to use. If the proposed project to the Swedish Postcode Foundation is connected to a larger project, please describe only the activities that you seek support from the Foundation to carry out.*
- **What specific results do you expect to achieve through the project, and how will you measure these?\*** Max 2500 characters.  
*Describe both qualitative and quantitative outputs and outcomes that you expect to achieve during the course of the project. This can include for example; number of meetings, restored or protected hectares, as well as what change or improvement that this will achieve in the short-term. Please also describe how you intend to measure these outputs and outcomes. If the proposed project to the Swedish Postcode Foundation is connected to a larger project, please describe only the results that are connected to the specific part of the project you are proposing.*
- **What long term change will the project contribute to?\*** Max 2000 characters.  
*Describe and contemplate what long term change the project will lead to after this specific project has ended. Please consider how the change is connected to the problem description which you have described earlier in the application.*
- **Which Sustainable Development Goal relates best to the project's main objective?\***  
*Learn more about the global goals [here](#).*
- **Please clarify your choice here and include any additional Sustainable Development Goals that the project addresses.** Max 500 characters
- **Do you currently receive or are you currently applying for funding from any of the other Postcode Lotteries in the Netherlands, UK, Germany or Norway?** Max 350 characters
- **How did you learn about the Swedish Postcode Foundation?\***
- **Please elaborate on your response above.** Max 500 characters
